A collaboration with our friends at Outta Sight Pizza, Primo American Pilsner is the ultimate beer to pair with 'za. It's dry and effervescent, with a lightly bready body and citrusy aromatics. The type of beer that cleanses the palette, but has a certain nuance that keeps you coming back for more. Drink it at the skatepark, over the perfect slice of pizza, or with old friends on the streets of SF – you can't go wrong with Primo.
