

SUPER DRY

PERFECTLY BALANCED DRY CIDER

Super Dry is a bright, crisp cider that strikes the balance between “interesting” and “easy to love.” Made with 100% West Coast apples, it bursts with tart freshness that gives way to a delicate floral finish. Not too dry, and decidedly not sweet — every sip of Super Dry is just as good as the last. For long park days, your next dinner party, and everywhere in between, this is your new go-to cider.
